Madlyn Vaillancourt

on 21st October 2017, has successfully completed the following continuing education offering:

Date Completed

Successful Strategies for Infection Prevention for Persons with IDD Living in the Community

Presented by

Elaine Flynn, RN, MSN, CRRN, CIC

Approval # OBN-010-93-782 CE hours: 1.5

Educational offering sponsored by
Developmental Disabilities Nurses Association
1501 South Loop 288, Suite 104-381, Denton, TX 76205

Course Objectives: The learner will: 1) Describe the chain of infection and two risk factors associated with an increased risk of infection among persons with IDD living in the community. 2) Identify multi-drug resistant organisms (MDRO) frequently seen in persons with IDD who live in the community. 3) Describe two infection control behaviors identified in evidenced-based practice that prevent/control the spread of MDRO among persons with IDD living in the community setting.

This activity has been approved for 1.5 contact hours of nursing continuing education by the Ohio Board of Nursing approver unit of the Ohio Department of Developmental Disabilities – Provider Number: OBN-010-93. Please check with your state Nursing Board to verify continuing education requirements.
